ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH
FOR THE YEAR 1972.

To the Chairman and Members of the Hucknall Urban District Council

Mr. Chairman, ladies and gentlemen,

I have pleasure in presenting the Annual Report of the Medical Officer of Health for 1972 - a year during which there have been many anxieties about the future of community medicine, and much discussion on the re-organisation of the National Health Service.

Vital Statistics

On the whole these show a reasonably healthy state of the community. However, there is a disappointingly high rate of infant mortality - the highest recorded in the years 1966 - 1972. The largest proportion of these deaths occurred in the age group "under one week". One of the deaths was in the group of illegitimate births. Thus the death rate of illegitimate infants under one year per 1,000 illegitimate live births is high at 37.

Nine of the deaths were associated with congenital defects. These statistics make it very clear that there is still a lot of research to be carried out in this field of community paediatrics.

Infectious Diseases

These statistics show a much happier state of affairs - the incidence of Measles and Infective Hepatitis has remained low.

Section 47 National Assistance Act

During the early part of the year one patient had to be removed to hospital on order - this was the only order issued during this year and could not be regarded as a "new case".

In conclusion I would like to thank the staff of the Health Department for their help during the year.

My thanks also go to the Chairman of the Council, the Chairman of the Health Committee, and members of Hucknall Council for their support during the year.

TONIE F. HAYNES
Medical Officer of Health

The number of cases of infective hepatitis has fallen from 20 to 2 in this fourth complete year of notification. Other years were as follows:-

1969	-	3
1970	-	NIL
1971	-	20
1972	-	2

HEALTH SERVICES PROVIDED BY THE
COUNTY COUNCIL

Details of these services are provided for information by courtesy of the County Council.

Watnall Road Clinics

The County Health Clinic, Watnall Road is utilised for Maternity and Child Health School Clinic, Cervical Cytology, Dental Clinic, Family Planning, Relaxation Sessions, Speech Therapy, Vaccination and Immunisation, Audiometry, Eye Testing, Chiropody, Distribution of Welfare Funds.

Ante-Natal and Post Natal Sessions

Fridays 1.0 p.m. until 4.0 p.m.

Medical Officer in attendance.

Child Health Sessions

Mondays 2.0 p.m. until 4.0 p.m.

Thursdays 2.0 p.m. until 4.0 p.m. Medical Officer in attendance.

Health Visitors are in attendance at each Ante-natal, Post Natal and Child Health Session.

Cervical Cytology Sessions

Alternate Tuesdays at 7.00 p.m.

School Clinic Sessions

Tuesdays 9.30 a.m. until 12 noon

Friday 9.30 a.m. until 12 noon. Medical Officer in attendance alternate weeks.

Dental Clinic Sessions

Treatment is given by appointment only.

Vaccination and Immunisation Sessions

A vaccination and immunisation session is held every two weeks on Monday mornings at 9.30 a.m. by appointment.

Distribution of Welfare Funds

Monday to Fridays 1.00 p.m. until 5.00 p.m.

The Fire Station, Watnall Road, Hucknall.

A child health session is held at the Fire Station, Watnall Road, Hucknall each Wednesday afternoon between 2.00 p.m. and 4.30 p.m. The Medical Officer attends alternate weeks.

Midwifery Services:

The service of the following County Midwives and District Nurse-Midwives are available in the Urban Districts:-

County Midwives:

Miss A. Calcroft,
18 Woodstock Street,
Hucknall,
NOTTINGHAM.

Telephones Hucknall 2687

Mrs. M. E. Tallon,
16 Patworth Drive,
Heathfield Estate,
NOTTINGHAM.

Telephone: Nottingham 65611

Mrs. A. P. Simpson,
7 Abbey Road,
Newstead Colliery,
Nottingham.

Telephones Kirby-Miskin 222

HOME NURSING SERVICES:

District Nurses:

Mrs. M. F. Burnett,
15 Longdale Avenue,
Ravenshead,
MANCHESTER,
Notts.

Telephones Blidworth 227

Mrs. M. P. Dowling,
10 Thorncliffe Road,
Stockhill Estate,
Old Basford,
NOTTINGHAM.

Bestwood,
NOTTINGHAM.

Telephones Nottingham 271923

Maternity Outfits

Sterilised maternity outfits containing all dressings necessary for the conduct of a domiciliary confinement are supplied free of charge on the certification of the midwife engaged or the Health Visitors.

Care of Premature Births:

The provision of draught-proof cots with hot water bottles, blankets, etc., and an ambulance is made for all premature infants requiring transportation to Hospital. The midwife accompanies the infant on the journey to Hospital.

Similar equipped cots are provided for such infants nursed at home.
The services of a Consultant Paediatrician are available when required.

County Ambulance Service:

Statistics 1972:	Patients carried	20,378
	Mileage involved	115,284

Categories of 20,378
patients were as follows:

Accident	591
Emergency	1,138
Treatment	18,630
Others	19

REPORT OF THE
CHIEF PUBLIC HEALTH INSPECTOR AND CLEANSING SUPERINTENDENT
FOR THE YEAR 1972

To the Chairman and Members of the Hacknall Urban District Council

Mr. Chairman, ladies and gentlemen,

I have pleasure in presenting my Annual Report for the year 1972, a year in which further progress was made on our smoke control project. The Beauvale area of town became a smokeless zone with effect from the 31st October and a survey of the No.5 area in Long Hill Place/High Leys Road/shortwood sector was commenced. It is gratifying to see the Council continuing to finance this very rewarding aspect of our environmental health work.

It has taken a long time for the need for action against atmospheric pollution to take effect if one considers the following petition which was sent to Edward II (1307 - 1327).

"If his Majesty had any love for a fair garden, a clean face or a clean shirt and ruff, and if he did not wish his subjects to be choked or at the very least to be smoked into bad hums, to forbid all use of the new and pestilent fuel called coal."

A Clearance Area was declared in the Mosley Street/Curtis Street area involving 17 houses and Closing Orders were made in respect of 11a and 69 Watnall Road.

A great deal of time was also spent on a Housing Survey to ascertain our future slum clearance requirements and to obtain details of the number of houses still requiring internal W.C.'s, baths and wash hand basins. This was carried out at the request of the Department of the Environment and the final results were available by the end of October. The survey showed that 96 of the 9,407 houses in the town will require clearance during the next 10 years and of the remainder, 578 will require one or more of the standard bathroom amenities. A predominance of these 578 are merely lacking an inside W.C. The figures are surprisingly low and reflect the considerable amount of work done in respect of slum clearance and improvement grant work over the past 15 years.

The indiscriminate dumping of toxic wastes came to light at national level during the year. We were not directly involved in any of these unsavoury practices but with the introduction of the Deposit of Poisonous Wastes Act 1972 discussions were held with industrialists in the town and removal notification forms were issued. Notifications of at least 3,000 gallons per week being transported from our area since the Act was introduced makes one realise the alarming amount of chemical waste disposed of by industries nationwide during the course of a year.

The decision to proceed with the re-organisation of Local Government involved us in numerous joint meetings with our colleagues in adjacent districts. These meetings will continue throughout 1973 and it is hoped that the amalgamation will take place with as little inconvenience to the public as possible.

In conclusion, I would like to thank the staff for their loyal support throughout the year and the members of the Council for their enthusiasm and continued interest in the work of the Department.

G. BROGAN
Chief Public Health Inspector
